

Kevin Karl Leaño

IT Security Officer | Software Developer | System Administrator

General Trias 4107 | +63 917 775 5213 | reinergwanpil07@yahoo.com

Professional summary

Portfolio: <https://www.kevinkarlleano.com/>

With nearly eleven years of professional experience encompassing system and web development, alongside a seasoned role as a system administrator, I possess the confidence, technical expertise, and adaptability to consistently deliver high-quality solutions aligned with project goals and expectations.

Throughout my career, I have continuously expanded my skill set across various programming languages, frameworks, development tools, infrastructure technologies, and platforms. I also integrate modern Artificial Intelligence (AI) tools, including ChatGPT and OpenAI Codex, into my development workflow to assist with software development, code analysis, debugging, research, documentation, problem-solving, automation, and productivity. I use AI as a complementary development tool while applying my own technical knowledge, experience, testing, and judgment to ensure that solutions remain reliable, secure, maintainable, and aligned with established development standards.

This combination of extensive hands-on experience and AI-assisted development allows me to approach projects from multiple perspectives, improve development efficiency, and continuously adapt to emerging technologies. My portfolio showcases a diverse range of projects that demonstrate my technical proficiency, creativity, and ability to transform ideas and business requirements into practical digital solutions.

| SKILLS |

Programming Languages and Tools:

- Proficient in HTML, CSS, JavaScript, PHP, Bootstrap, jQuery, Laravel, SASS, SCSS, Node.js, Twig, and Flutter.
- Extensive experience in Java, C#, C++, Visual Basic, Batch File Scripting, and PowerShell Scripting.
- Proficient in creating Augmented Reality experiences using Spark AR.
- Familiarity with development environments such as XAMPP, WAMPP, Atom, Notepad++, Visual Studio, Visual Studio Code, NetBeans, Xcode, Android Studio, FileZilla, GitHub, Git, Minifier, and Composer.

AI-Assisted Development:

- Experienced in using Artificial Intelligence tools such as ChatGPT and OpenAI Codex to support software development, debugging, code review, refactoring, documentation, research, and technical problem-solving.
- Utilize AI-assisted development to accelerate prototyping, analyze existing codebases, identify potential issues, generate implementation ideas, and improve development workflows.
- Apply professional judgment, manual code review, testing, validation, and security considerations to AI-generated or AI-assisted solutions before deployment.
- Use AI for technical research, documentation, automation, data analysis, content preparation, and other productivity-related tasks beyond software development.

| DATABASES |

- Proficient in MySQL, SQL, MariaDB, and MS Access.
- Familiarity with database tools like MySQL Workbench and phpMyAdmin.

| ILLUSTRATIONS |

- Proficient in both traditional and digital art creation.
- Skilled in using Adobe Photoshop, Figma, and Canva for creative endeavors.

| WORK EXPERIENCES |

Development of Web Applications:

- Successfully designed and developed a wide range of web applications, including Alumni Portals, Booking Systems, Inventory Systems, Queuing Systems, and more.

Development of Websites:

- Demonstrated expertise in content management systems like Shopify, Joomla (T3, Gantry), and WordPress (WooCommerce, Elementor, Wix, Gantry).

System and Server Administration:

- Experienced in managing Hyper-Converged Infrastructure (HCI), Synology systems, and Windows Server environments, including Active Directory (AD), DNS, and DHCP.
- Proficient in Linux, particularly CentOS, and adept at managing web hosting, domain names, and SSL using platforms such as Hostinger, Namecheap, DreamHost, Ionos, and Plesk.

| FREELANCER EXPERIENCES |

Chrome Extension Developer:

- Developed a Chrome Extension designed to enhance font readability for visually impaired individuals, prioritizing accessibility.

Website Fixes:

- Successfully resolved issues and improved functionality on WordPress sites through code enhancements.

Chrome Extension Development:

- Introduced the "Jelly Extension," available on the Chrome Web Store: Jelly Extension

Webpage Capture Extension:

- Designed and developed a Chrome Extension and Firefox Add-On for capturing webpages.

For a more detailed overview of my freelancing experiences, you can refer to my Upwork profile.

| PUBLISHED PRODUCTS |

Extensions/Add-Ons:

- Developed the "Link Previewer" Google Chrome Extension, also available as a Mozilla Firefox Add-On.

Plugins:

- Created the jFullPageScroller jQuery Plugin, accessible on GitHub: [jFullPageScroller on GitHub](#)

| CERTIFICATIONS |

Microsoft Certifications:

- Certified in Microsoft HTML5 Application Development Fundamentals, Microsoft Excel 2016 Specialist, and Microsoft Server Administration Fundamentals.

National Government Certifications:

- Holds TESDA Computer System Servicing NC II certification.

OpenAI Academy:

- AI Foundations

Work experience

IT Security Officer / Lead Programmer

Lyceum of the Philippines University Cavite | General Trias

May 2025 to Present

IT Security and Oversees the Development of Applications

Lead Programmer / System Administrator

Lyceum of the Philippines University Cavite | General Trias

May 2015 to Present

Development of Web Applications & Websites and System Administration

Intern

LPU Cavite - College of Engineering, Computer Studies and Architecture | General Trias, Cavite

May 2014 to June 2014

Programmer

Intern

LEENTech Network Solutions | Tanza, Cavite

April 2014 to May 2014

Programmer

Public Relations Officer

LPU Cavite - College of Engineering, Computer Studies and Architecture | General Trias, Cavite

2013 to 2014

Lyceum Central Student Government

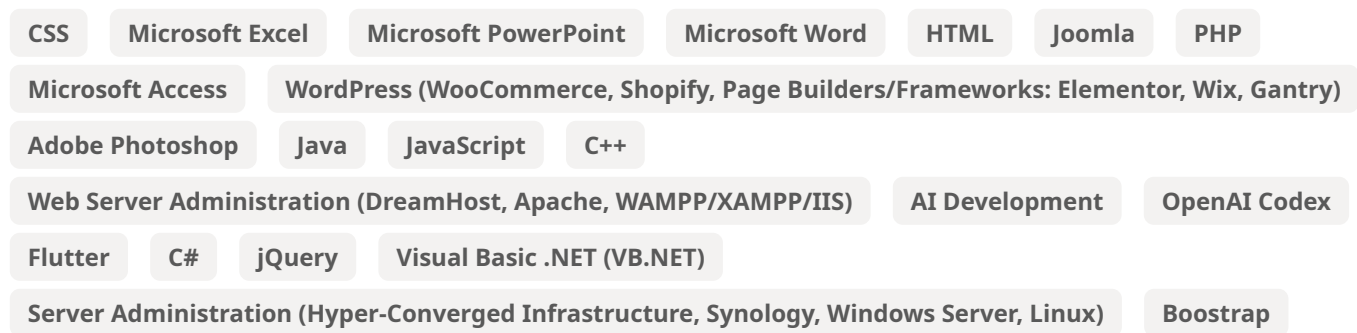

Education

Information Technology (Bachelor's)

Certifications and licenses

MTA: Windows Server Administration Fundamentals - Certified 2019

January 2019 to Present

Earners of the MTA: Windows Server Administration Fundamentals certification have demonstrated knowledge of fundamental server administration concepts. The MTA program provides an appropriate entry point to a future career in technology.

<https://www.credly.com/badges/0ebffb48-7a17-4fa1-addb-a386d72320b6>

Microsoft Excel (Office 2016)

January 2018 to Present

Microsoft Excel 2016 Certification exam earners have a fundamental understanding of Excel 2016 and the ability to complete tasks independently. Earners have proven they can create and edit a workbook with multiple sheets, and use graphic elements to represent data visually including professional-looking budgets, financial statements, performance charts, and data-entry logs. Earners include students, business professionals, clerical workers, bookkeepers, educators, and others.
